Destination management Zrin d.o.o. for  
services and travel agency

#### WALKING ROUTE ITINERARY:

- 9:00 AM gathering at Lake Mikleuška with coffee and a typical Moslavina breakfast
- 10:00 AM departure on the footpath through Crkveni jarak accompanied by an expert guide
- 1:00 PM return to Lake Mikleuška
- 2:00 PM picnic lunch and free time

The route starts at Lake Mikleuška and is 5 km in length in one direction, for which about 90 minutes of easy walking should be enough. The trail is a combination of gravel and a forest trail, which runs along the Crkveni jarak stream and an old road whose remains can occasionally be noticed. It is not overly demanding; it is very interesting and one of the most beautiful parts of Moslavačka gora. At the top of the trail is Bela crkva, a Pauline monastery. You will learn more about its history from our expert guide.
